

Freedom of Information Policy

Date Policy Adopted: September 2021

Date Policy Reviewed: September 2022

This is Broseley CE Primary School's Publication Scheme on information available under the Freedom of Information Act 2000. This publication scheme conforms to the model scheme for schools approved by the Information Commissioner.

The governing body is responsible for maintenance of this scheme.

1. Introduction: what a publication scheme is and why it has been developed

One of the aims of the Freedom of Information Act 2000 (which is referred to as FOIA in the rest of this document) is that public authorities, including all maintained schools, should be clear and proactive about the format in which the information will be made available.

To do this we must produce a publication scheme, setting out:

- the classes of information which we publish or intend to publish;
- the format in which the information will be made available and
- Whether the information is available free of charge or on payment.

The scheme covers information already published and information that is to be published in the future. All information in our publication scheme is available in paper form obtainable from the school.

Some information, which we hold, may not be made public, for example personal information. There are clear exemptions to the requirement to produce information on demand, so as to protect confidential/sensitive/personal data, for example about children or members of staff.

2. Aims of our school

At Broseley CE Primary School we strive to create a purposeful learning environment in an atmosphere of mutual trust and respect, where Christian values underpin our aims. We feel our mission statement encapsulates how we work to achieve this goal: 'FACES' – Faith, Ambition, Courage, and Endeavour = Success.

This publication scheme is a means of showing how we are pursuing these aims.

3. Categories of information published

The publication scheme guides you to information which we currently publish (or have recently published) or which we will publish in the future. This is split into categories of information known as 'classes'. These are contained in section 6 of this scheme.

The classes of information that we undertake to make available are organised into four broad topic areas:

School Information (known as School Prospectus Information) – information published on the school website.

Governors' Documents – information published about the school profile (such as on “Get Information About Schools”) and in other governing body documents.

Pupils & Curriculum – information about policies that relate to pupils and the school curriculum including references to pupil records and incident logs.

School Policies and other information related to the school - information about policies that relate to the school in general.

5. Paying for information

Single copies of information covered by this publication are provided free unless stated otherwise in section 6.
